ACADEMIC PROJECTS

✌ **Leave Management System**
10/2020 - 11/2020
It is a web based project. This project and database were created using web technologies. It is a complete online college faculty leave application website.

✌ **COVID19 prediction using AI & ML techniques with X-Ray images**
10/2020 - 11/2020
It is a machine learning model that is first evaluated after being trained using a sample dataset. We used the X-ray dataset from the Kaggle website here. This project is carried out using the CNN method, a machine learning model.
